the complete medical solution

Body Sculpting & Cellulite Reduction Treatments

Cellulite and resistant fat have different forms and grades, and you therefore need a combination of treatments. At Body Renewal we want our patients to have great results and have thus combined internationally accepted body treatments at a vastly reduced price in a single treatment session. The full effect of each weekly combined treatment is accumulative & takes approximately 6 to 12 weekly treatments for results to be seen.

Signature Body Shaping Treatments

3D Body Renewal

From R3 750 (per treatment)

Our signature body shaping treatment is one of the most effective body shaping solutions available and involves combining 5 clinical applications: Ultrashape, Radiofrequency, Carboxytherapy, manual massage and Body Renewal Lite, a body sculpting eating programme to reduce exercise resistant fat and dangerous intra-abdominal fat. If the programme is strictly adhered to, a weight loss of 10kgs and a 10cm circumferential reduction in one month is possible.

3D Cellulite Solution

From R1 650 (per treatment)

Our signature cellulite treatment combines the following cutting edge non-invasive cellulite technologies at an affordable price: Carboxytherapy, Radiofrequency, Mesotherapy and Manual Massage. From 6 to 12 treatments needed.

3D Skin Tightening

From R3 500 (per treatment)

An effective way to tighten lax abdominal or body skin and combines four skin tightening applications: Titan, Laser Genesis, Carboxytherapy and Radiofrequency to offer a non-surgical, no downtime, alternative treatment to tighten loose skin anywhere on the body.

Body Sculpting & Cellulite Reduction Treatments

3D Stretch Mark

From R1 115 (per treatment)

The ultimate stretch mark package that combines Carboxytherapy, Laser Genesis, Transdermal Mesotherapy and Radiofrequency.

i-Lipo Ultra

From R375 (per treatment)

Incorporates vacuum massage and infrared skin tightening lasers to enhance lymphatic drainage, improve blood circulation, and promote skin cell renewal, all while improving the appearance of cellulite. Price varies depending on the duration of treatment.

Body Renewal Weight Loss Program

From R1 300

This program uses hCG, a prescription medication, to safely reduce dangerous intra-abdominal and exercise resistant fat while sparing muscle mass. If the programme is strictly adhered to, a weight loss of 10kgs in one month is possible.

Sclerotherapy

From R2 750

A hypertonic solution to compress and improve difficult to treat varicose, feeder and cluster veins.

Body Shaping Devices

Carboxytherapy

From R935

A safe, minimally invasive procedure that involves injecting tiny amounts of CO2 beneath the skin to improve cellulite. It can improve stretch marks and tighten lax skin due to ageing or post pregnancy.

Body Sculpting & Cellulite Reduction Treatments

Lipodissolve / Injection Lipolysis / Ceccarelli **From R620 (per vial)**

Also known as Injectable Mesotherapy, it is used to reduce unwanted fat deposits by injecting a natural substance called Lecithin to dissolve fat cells.

Velashape™ **From R800**

An FDA approved 4 in 1 treatment medical device for body reshaping, circumferential reduction and cellulite reduction.

Transdermal Mesotherapy **From R715**

For those with a fear of needles, Transdermal Mesotherapy is the newest and most innovative technology to administer a drug solution to a patient using FDA approved Dermoelectroporation®. Transdermal Mesotherapy treats all the same conditions that traditional mesotherapy does but without the use of needles.

Cryolipo Fat Freezing **From R4 250 (per area)**

A CE approved procedure which involves cooling fat in pockets to remove resistant fat from the body by natural methods. There is no need for anaesthesia and no cutting or oozing which is usually associated liposuction or a surgical procedure.

Titan® Skin Tightening **From R2 200 (R55 per shot)**

As recommended by Dr Rey from Doctor 90210, Titan® uses infrared light to shrink and tighten skin on any area of the body including the abdomen.

Body Sculpting & Cellulite Reduction Treatments

Tripollar™ or Accent

From R715

Effectively treats cellulite and resistant fat by using radio frequency to improve lymphatic circulation and stimulate dermal collagen.

i-Lipo

From R375

FDA approved and awarded the "Best Slimming treatment in 2012" at "Les Victoires de la beauté" in Paris. For best results, 8 bi-weekly sessions are recommended.

Manual Massage

From R250

Knuckling and kneading lymph draining to improve the appearance of cellulite.

Ultrashape®

From R400 (per treatment)

Clinically proven to reduce fat thickness and body circumference by using non-invasive high-frequency ultrasound. A walk in, walk out procedure with no downtime. (Only available at Willowbridge)
