Laser & Light Treatments

3D Skin Rejuvenation™

From R3 400 per treatment

Skin Renewal's signature laser treatment is one of the most effective non-ablative skin rejuvenation solutions available to address sun spots, redness, wrinkles, sallowness and sagging skin with no downtime at all and combines Titan, Lime-Light and Laser Genesis to give superior results in 6 to 8 treatments.

AcuTip 500™

From R1 000 per 15 mins or R350 per shot

This is a light technology that replaces liquid nitrogen to treat individual sunspots on the face, chest, hands and legs.

LimeLight or IPL

From R895

A light based procedure which addresses surface problems such as redness, mottled complexions, freckles and age spots in 4 to 6 treatments.

Nd:YAG CoolGlide

From R1 050 per treatment

This award-winning treatment is used for both tiny superficial facial veins and deeper blue leg veins on all skin tones effectively without the use of painful injections.

Long Pulsed Nd:YAG

From R1 050 per treatment

A revolutionary treatment that can effectively treat toe fungus, warts, plantar warts, DPN (Morgan Freeman spots), cherry spots (Cherry Angioma) & skin tags in 1 to 2 treatments.

The Pearl Fractional Laser

From R7 000 (Only available at Morningside)

As seen in the book *Complexion Perfection*, Pearl Fractional is a minimally invasive FDA approved technology that renews the skin's surface by treating fine lines, texture, age spots and sun damage in only one or two treatments resulting in brighter, more youthful, plumper skin, with a creamier complexion.

Pearl Fusion

From R6 500 per treatment or R4 000 add on to Pearl Fractional. (Only available at Morningside)

As seen on *The Doctors*, this is a once off alternative to

Laser & Light Treatments

5 Fraxel treatments and improves deeper wrinkles, pigmentation and acne scarring. Pearl Fusion includes the Pearl Laser combined with a Pearl Fractional Laser treatment to the affected area. 5 to 7 days of downtime can be expected.

Fraxel Dual

From R4 500 per treatment

Provides moderate-level treatment for pigmentation, skin tone, lines, acne scarring and poor skin texture. It is more effective and less invasive than older laser types and is FDA approved.

PDT/ LED Rejuvenation

From R375

Stimulates skin cells to improve uneven skin tone and stimulate collagen. Acne, especially moderate to severe acne, can be effectively treated.

Laser Genesis

From R375

Clinically proven to treat fine lines and wrinkles, shrink pores, improve texture, brighten complexion and decrease redness in 6 to 8 treatments.

Titan®

From R55 per shot (priced per area)

As recommended by Dr Rey of 90210, Titan® can tighten skin on your face, arms, abdomen and legs without surgery, recovery time or injections and stimulates new collagen growth deep beneath your skin's surface.

Other Skin Renewal Devices

Accent™ and TriPollar

From R550

These treatments use radiofrequency to tighten and rejuvenate skin, especially on the jowl and neck area.

Carboxytherapy

From R850

This treatment involves injecting tiny amounts of CO2 beneath the skin to stimulate collagen production and improve facial sagging and dark eye circles. With Carboxytherapy, an open brow expression, a sleeker jawline and neck and a rejuvenated décolleté are all possible.

Laser & Light Treatments

Titania

From R950 per treatment

Radio Frequency energy is delivered into the dermis through a current that passes through the tissue. This current provides slight friction resulting in an intense temperature change, causing collagen and elastin stimulation due to an activation of fibroblast cells.

Exilis Elite

From R950 per treatment

This is the only monopolar Radio Frequency system to incorporate ultrasonic energy in one handpiece. Exilis causes both shrinking of loose tissue immediately, as well as long-term collagen production that lifts and tightens loose skin over time. It is very useful in many areas such as jowls, neck, brows and especially the abdomen.

i-Lipo Laser Lipolysis

From R375 per area

A low level laser is used to stimulate the body's natural processes that empty the stored fat contents inside fat cells. I-lipo was awarded 'Best Slimming Treatment' at 'Les Victoires de la beauté' in Paris and is FDA approved.

VelaShape™

From R800 per treatment (Selected branches only)

VelaShape™ is FDA approved for cellulite and circumferential reduction. 6-12 treatments are needed, with monthly maintenance thereafter.
